JBOSS PORTAL SERVER DEVELOPMENT: CREATE DYNAMIC, FEATURE-RICH, AND ROBUST ENTERPRISE PORTAL APPLICATIONS

Shroff Publishers/Packt, 2009. Softcover. Book Condition: New. 17 x 22 cm. Enterprises need more than just basic services; they need value-creating entities, which are crucial for running a successful business. Portals offer tremendous value to enterprises, and JBoss Portal Server is a popular, feature-rich open-source server that provides a standards-compliant platform to host functionality that serves the diverse portal needs of an enterprise. Its primary strength lies in its ability to provide robust support for custom implementation of functionality using the JSR-168 portlet API. This book is a practical guide for installing, configuring and building feature-rich portal applications using the latest JBoss Portal Server 2.7.0. It explains, with examples, how portals can be easily developed, personalized, secured and integrated with other external enterprise assets. The book will equip you with everything you need to know about JBoss Portal Server to build a fully functional portal. Using it, you can quickly come up to speed with the features offered by the portal server and can start using it almost immediately to develop enterprise portal solutions such as corporate intranets, B2B, or B2C sites. The book will help you to quickly understand and build enterprise portals with rich features such as personalization, AJAX, single sign-on, Google widget integration, remote portlet integration, content management and more. Along with feature implementation, the book also provides enough details for developers to tune and customize the portal environment to best suit the platform needs. What you will learn from this book Covers the latest JBoss Portal Server 2.7.0 with support for JSR-286 Portlet 2.0 specification. Learn in detail about JBoss Portal and its components Configure the JBoss Portal Server software best suited for your environment Build portlets using common technologies such as Servlets, JSPs, and JSF to add functionality to your site Personalize and internationalize the...
